*"Sing!"***

Written and performed by Anna Huckabee-Tulle
<http://customcraftedsongs.com>

Mother's Day is almost here, and this year Wendell and I decided our Mother's Day present to all of you is this special song we commissioned.

Anna Huckabee-Tulle is a gifted musician and writer. After doing a [newsletter article](#) about her work, Wendell and I commissioned her to write a song about Erika's life. When that song was completed, to say we were astonished and extremely happy is the understatement!

Until now, we have kept Erika's song close to our hearts, knowing all along that one day we would give it away to each and every mother who loses a child.

That time is here.

Mothers, here is your happy song your child is singing to you!

[Click here to listen](#) to Sing! and to read the words
